Theme Song Category

1. "Control" by Janet Jackson
2. "Out of Control" by U2
3. Mission Impossible theme song
4. Pro-cess Baby (to the tune of Ice Ice Baby)

Yo L.E.E, lets kick it.

All right stop

Collaborate and listen

Process is back in a brand new edition.

Something grabs a hold of me tightly

Keeps me doing homework daily and nightly.

Will it ever stop?

Yo, I dont know.

Making equations, controlling the flow.

To the extreme I rock steady-state like a vandal.

Change the set point don't know if i can handle.

Late

Rushing to the room.

This class kills my brain like a poisonous mushroom

Deadly, when I solve a dope O.D.E.

Anything as heavy as this book is a felony.

Love it, can't leave it

Dr. Lee don't play.

Monday, Wednesday, Friday,

Same time every day.

If there was a problem, yo ill solve it

check out the lab while Dr. Shork revolves it.

Pro-cess baby control, control

Pro-cess baby control, control

Pro-cess baby control, control

Yo man! lets get out of here.

Word to the process.

Pro-cess baby control, control....

5. "Big Process" set to the music of "Big Pimpin'" by Jay-Z

[Chorus]

*Big Process, opening valves
We be, Big Process, on C.S.T.R.'s
We be, Big Process with Dr. L.E.E.
He's just a ChE, teachin' me, the P.L.C.'s
Yo yo yo
Big Process, controlling the flow
We doing, Big Process with the O.D.E.'s
We doing, Big Process with Dr. L.E.E.
He's just a ChE, teachin' me, the P.I.D.'s*

[Third Verse]

*Uh, Popping quizzes, showing up,
Keeping O.J. in his cup.
All my friends are in his class,
Kickin' ass, hopin' to pass.
Everybody wants an A, the easiest way, is that ok?
If you ask, watch Lee say, 90-100 gets an A.
If I wasn't passin' baby,
I would be an IE maybe,
Pumps and valves would all be traded
My degree would then be jaded
Uh, so what y'all know 'bout them ChE boys,
Comin' in with digital toys,
Measuring feed and filtering noise, noise, noise*

[Chorus]

7. "I will Survive", By Gloria Gaynor

*At first I was afraid
I was petrified
Kept thinkin' I could never live without you by my side;
But then I spent so many nights
Thinkin' how you did me wrong
And I grew strong
And I learned how to get along
And so you're back from outer space
I just walked in to find you here with that sad look upon your face
I should have changed that stupid lock
I should have made you leave your key
If I'd've known for just one second you'd be back to bother me*

*Go on now, go
Walk out the door
Just turn around now
'Cause you're not welcome anymore
Weren't you the one who tried to hurt me with goodbye
Did you think I crumble
Did you think I'd lay down and die?
Oh no, not I, I will survive
Oh as long as I know how to love I know I'll stay alive;
I've got all my life to live,
I've got all my love to give and I'll survive,
I will survive, hey hey.*

*It took all the strength I had not to fall apart
Kept trying' hard to mend the pieces of my broken heart,
And I spent oh so many nights
Just feeling sorry for myself. I used to cry
But now I hold my head up high
And you see me somebody new
I'm not that chained up little person still in love with you,
And so you felt like droppin' in
And just expect me to be free,
Now I'm savin' all my lovin' for someone who's lovin' me*

*Go on now, go
Walk out the door
Just turn around now
'Cause you're not welcome anymore
Weren't you the one who tried to break me with goodbye
Did you think I crumble
Did you think I'd lay down and die?
Oh no, not I, I will survive
Oh as long as I know how to love I know I'll stay alive;
I've got all my life to live,
I've got all my love to give and I'll survive,
I will survive, oh*

*Go on now, go
Walk out the door
Just turn around now
'Cause you're not welcome anymore
Weren't you the one who tried to hurt me with goodbye
Did you think I crumble
Did you think I'd lay down and die?
Oh no, not I, I will survive
Oh as long as I know how to love I know I'll stay alive
I've got all my life to live,
I've got all my love to give and I'll survive,
I will survive, I will survive.*
