

## List of Biotechnology Electives

(revised 3/21/2020)

BSchBE – Biotechnology Option

Three (3) credit hours of biotechnology engineering elective must be chosen as part of the degree requirements for the Biotechnology option. This requirement can be fulfilled either through research (see approval process below) or through courses from the following approved list.

### Approved Courses

#### ChBE undergraduate courses:

CHBE 4757	Biofluid Mechanics
CHBE 4760/6760	Biocatalysis
CHBE 4765/6765	Drug Design, Development, and Delivery
CHBE 4782	Biosystems Analysis
CHBE 4710/6710	Microfluidics & Bio. Applications
CHBE 4762/6762	Protein Engineering
CHBE 4803	Biosurfaces

#### ChBE graduate courses (require instructor permit and level permit, which is issued by Registrar):

CHBE 6777	Advanced Biomaterials
CHBE 6782	Cellular Engineering
CHBE 6794	Tissue Engineering

#### BMED courses (major-restricted, so permit from BME required for ChBE students):

BMED 3520	Biomedical Systems and Modeling
BMED 4751	Biomaterials
BMED 4477	Bio Networks and Genomics ( <i>prereq ECE 2025 + BMED 3600 + BMED 2400</i> )
BMED 4783	Intro Medical Image Processing ( <i>prereqs ECE 2025 + BMED 2400</i> )
BMED 4784	Engineering Electrophysiology ( <i>prereqs ECE 3040 or 3510</i> )

No two courses will be allowed towards satisfying degree requirements if there is a more than 20% overlap in their course content.

### Research as Biotechnology Elective

Research for credit at 4000-level (xxxx4699) can be used to fulfill the Biotechnology elective requirement, but the **project must be approved by the Associate Chair for Undergraduate Studies. It is very wise to seek this approval before the start of the semester to prevent unpleasant surprises**; research projects must be focused on biotechnology-related topics.

**To seek research approval, please submit a one-page abstract that includes the following information:**

1. Research project title
2. Student name and GT-ID#
3. Term of the for-credit research (incl. number of credit hours)
4. Name of the supervising professor/faculty
5. Abstract (100-200 words)
6. Signature of the supervising professor/faculty
